TOMORROW'S PROTECTION TODAY

A Guide to AVG Security Software for Home Computer Users

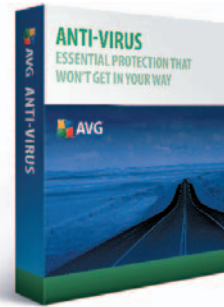

Whatever you do, online or offline,
AVG security software will keep you safe.

WHY AVG?

We know what's important to you when you're online – sharing photos and music, chatting, managing your finances, shopping, keeping in touch with friends and family. You don't want to be worrying about security. AVG takes the uncertainty out of going online, protecting you wherever you go and whatever you do.

AVG gives you the vital extra layers of protection you need to stay safe from today's biggest online threats. Threats to your most valuable personal information like bank account and credit card details. Not to mention your music, photos, documents, and more.

ANTI-VIRUS 9.0 ESSENTIAL PROTECTION THAT WON'T GET IN YOUR WAY

AVG's new high-speed anti-virus/anti-spyware combo scanner is smarter than your average scanner. It keeps track of what's already been scanned and found clean. Result: faster scanning that doesn't get in your way.

AVG Anti-Virus also has a secret weapon other anti-virus products don't have. It has LinkScanner®. LinkScanner takes over where your anti-virus doesn't go – into the depths of web pages you haven't even visited yet.

- ✓ **High-efficiency virus scanner** for great system performance
- ✓ **LinkScanner** for safe web searching and surfing
- ✓ **Safely exchange** photos and files over instant messaging and social networks
- ✓ **Safely download** music, files, and applications
- ✓ **Email** inbox that's clear of phishers and scammers

Recommended System Requirements

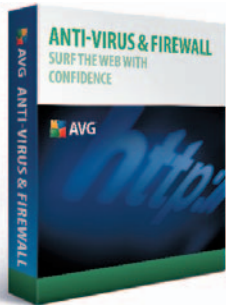

Pentium Processor, 1.2 GHz
250 MB free hard drive space (for installation)
512 MB RAM

Compatibility

Microsoft Windows 2000 (SP4)
Microsoft Windows XP (32/64 bit)
Microsoft Vista (32/64 bit)
Microsoft Windows 7

ANTI-VIRUS & FIREWALL 9.0

LIVE YOUR LIFE ONLINE WITH CONFIDENCE

AVG Anti-Virus & Firewall 9.0 brings you all the protection of AVG's Anti-Virus 9.0, plus a brand-new, high-efficiency firewall that keeps hackers out of your PC. And your PC firmly under your control.

When you're surfing and searching the web, sharing photos and music with friends, and keeping up with your social networks, security's not the first thing on your mind. So AVG helps you to stay safe by protecting you from hidden dangers on the Internet.

- ✓ **High-efficiency virus scanner** for great system performance
- ✓ **Smart firewall** keeps hackers and botnets at bay
- ✓ **LinkScanner** for safe searching and surfing
- ✓ **Safely exchange** photos and files in your social networks
- ✓ **Download** music and applications without fear of viruses
- ✓ **Keep your email inbox free** of phishers and scammers

Recommended System Requirements

Pentium Processor, 1.2 GHz
250 MB free hard drive space (for installation)
512 MB RAM

Compatibility

Microsoft Windows 2000 (SP4)
Microsoft Windows XP (32/64 bit)
Microsoft Vista (32/64 bit)
Microsoft Windows 7

INTERNET SECURITY 9.0

COMPLETE PROTECTION FOR EVERYTHING YOU DO

Most of us rely on the web and email for some aspects of our daily lives. Whether you're banking, shopping, chatting, sharing photos or downloading new programs and music, remember this – anti-virus, anti-spyware, and firewalls are no longer enough to protect you.

AVG Internet Security's multiple layers of protection mean you don't have to worry about identity theft, spam or viruses. It'll even stop you visiting harmful web pages before you can click on them. It's faster, smarter security that won't slow you down.

- ✓ **Safely bank and shop online** without fear of identity theft
- ✓ **LinkScanner** for safe web searching and surfing
- ✓ **Safely exchange** photos and files over instant messaging and social networks
- ✓ **Safely download** music, files, and applications
- ✓ **Email** inbox that's clear of phishers, spammers, and scammers
- ✓ **High-efficiency virus scanner** for great system performance

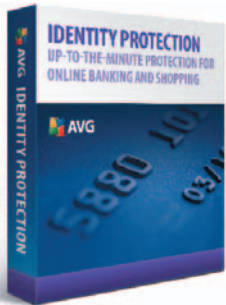

Recommended System Requirements

Pentium Processor, 1.2 GHz
300 MB free hard drive space (for installation)
512 MB RAM

Compatibility

Microsoft Windows 2000 (SP4)
Microsoft Windows XP (32 bit)
Microsoft Vista (32/64 bit)
Microsoft Windows 7

IDENTITY PROTECTION NOW ONLINE BANKING AND SHOPPING ARE SAFE AGAIN

The more time you spend online, the more important it is to keep your personally-identifiable information safe from identity thieves. We believe you should be able to bank and shop online without worrying about ID theft.

AVG Identity Protection goes way beyond typical ID theft prevention programs. Instead of asking you to decide what to protect, it looks for things happening on your PC that shouldn't be happening. Anything that just looks wrong, it simply steps in and stops it.

- ✓ **Your identity is protected** whenever you go online
- ✓ **New and unknown** threats are kept out of your PC
- ✓ **Rogue programs** are blocked from running
- ✓ **Your existing virus protection** gets a big boost
- ✓ **There's no need** for scheduled updates and scans

Recommended System Requirements

Pentium Processor, 1.2 GHz
50 MB free hard drive space (for installation)
512 MB RAM

Compatibility

Microsoft Windows XP SP1, 2 Pro or Home
Microsoft Vista (32 and 64 bit)
Microsoft Windows 7

It's important to use the right level of protection for your needs. See how AVG's layered protection products compare.
