About the Company

Polar Trailer is a leading manufacturer of heavy-duty tow-behind utility trailers for lawn, garden, agriculture and outdoor uses. Known for our durable construction and innovative features, our products can be found at premier hardware, farm and outdoor retailers nationwide.

At Polar Trailer, we live the same outdoor lifestyles that our customers do. And, we understand that versatility and durability are just as important to the avid gardeners as they are to the expert hunter. That's why we strive to deliver quality and ingenuity into each one of our products. We hope you'll agree that Polar Trailer is, indeed, One Tough Trailer.

Polar Trailer is a division of Clam Corporation, North America's leading manufacturer of ice fishing shelters and apparel, including The Clam®, Fish Trap® and Ice Armor® brands. The two companies operate from a 70,000 square foot manufacturing and distribution facility in Medina, Minn.

LT 800

A lawn and garden tool you can't live without. LT may stand for light duty, but don't let that fool you. The Polar LT 800 puts any yard cart to shame. The LT 800 is the optimum pull-behind utility trailer for working around the yard. Its 800-pound load capacity and tilt & pivot frame can handle everything from autumn leaves to black dirt and landscape rock.

HD 1200

The ideal go-anywhere, haul-anything utility trailer. Turn your ATV or lawn tractor into an all-purpose hauling machine. The Polar HD 1200 is by far and away our biggest seller, and is the perfect size for most any job. An extra-thick bed, walls and gunnels stand up to rock, firewood, gear, and game like no other aluminum or plastic trailer can.

HD 1500 Specifications \$689.95 + tax

- Item No. 8233
- Load Capacity 1,500 lbs.
- Load Size 22 Cubic Feet
- Overall Dimensions 98" x 54" x 31"
- Overall Weight 127lbs.
- Body Dimensions 72" x 40" x 18"
- Tire Size 18 x 8.50

HD 1500

The perfect match of durability, versatility and hauling capacity. A Polar HD 1500 is not just any ATV utility trailer. It's rugged polyethylene bed and all-steel frame stands up to rock, firewood, gear and game. And, it won't rust, dent or corrode – ever. The HD 1500 is a great compliment to your ATV or UTV, adding endless utility and extra hauling capacity.
